

Student Senate blood drive set for November 1

On Thursday, November 1 G.Ray Bodley High School will be having a blood drive hosted by Student Senate. To be eligible to donate you have to be 16 with parents consent or 17 and older without parent consent. The blood drive will be located in the LGI room also known as the wrestling room.

Giving blood is a good way to help sick people in need of blood transplant or going into surgery. To be apart of the blood drive you have to feel healthy and sign up in your guided study hall. Student Dani Avery believes that, "it's really important and every-

one should get involved". When the day comes remember to bring you ID! Before donating make sure to get 8 hours of sleep and eat a healthy breakfast/lunch with rich iron. If you are an athletic student you can not do any heavy lifting or hard exercise.

"Donating blood is a simple way to give back to the community" states Misty Barden. According to the Red Cross, "one pint of blood saves three lives." red cross. So come donate blood on November 1. For more information go to Mrs. Florio in room 224.

Raiders rout Fowler, advance to title game

It's on to the finals with a chance to win the Section III Class A championship for the Red Raider boys soccer team following a convincing 4-1 victory over Fowler on Wednesday night. Cameron Stuart torched the Falcons with three goals and Lyle Beeman added a goal as the Raiders scored twice in each half and held Fowler to a single marker in the second half.

In beating Fowler for the second straight time Fulton produced an offensive outburst against a Falcon side that had yielded just four goals in their first 15 games combined. Coach Murray said that to win the game "the team had to keep possession and control the pace of the game." This was the second time that The Raiders defeated Fowler in under two weeks, improving to 14-4 at the expense of the 14-2-1 Falcons.

Their road to the finals began on October 19 when the Fulton boys varsity soccer team traveled to take on the New Hartford Spartans. In the beginning of the game neither team could capitalize on several scoring opportunities and the first half ended tied 0-0.

The Raider defense kept the Spartans from having nearly any shots on net and the game stayed scoreless until sophomore Ethan Caruana, headed the ball in to silence the New Hartford student section, and put the Raiders ahead. For the rest of the game the New Hartford team tried hard to get past the Fulton defense, but thanks to strong pres-

Cameron Stuart, right, scored three times to help the Raiders down Fowler 4-1 on Wednesday night. The win carries Fulton into the Class A championship game on Saturday against CBA.

sure from Nate Stuart and Mark Tallents the Spartans were unable to score with Fulton taking a hard fought, 1-0 victory..

Tallents said "we just packed it in and they didn't want any bread." The Raiders kept the pressure on, even having several scoring opportunities. Senior and girls soccer player Lindsay Mcraith, who was at the game, said, "it was one if the most exciting games that I saw this year". The final score of the game was 1-0.

The finals will be played this Saturday, October 27th, against Christian Brothers Academy in Liverpool at 1 pm. For a preview of the game check page 8.

It's showtime!
Quirk's Players
present:

Thursday-Friday-Saturday
7:30 pm in the GRB auditorium

In the News

Charlie Brown and the Peanuts Gang are here!

Charles Schulz's beloved Peanuts characters take to the GR. Ray Bodley High School stage this weekend as Quirk's Players present the family favorite Broadway musical, *You're A Good Man, Charlie Brown*. The story focuses on a typical day in the life of Charlie Brown and includes such memorable songs as, "My Blanket and Me," "My New Philosophy," "Book Report," "Beethoven Day" and "Happiness" to name a few. The production is under the direction of Mr. Rob Lescarbeau and Mr. Tom Briggs, with music direction by Mrs. Stephanie Almeter and dances choreographed by Mrs. Doreen Kelly. Performances will be presented in the G. Ray Bodley High School Auditorium on October 25-26-27 at 7:30 PM. Tickets are available at the door. Pictured here are Fulton students Wesley VanBuren as Woodstock, Ronde Wood as Snoopy, Marcus Doran as Linus, Kira Whitehead as Sally, Nick Brown as Charlie Brown, Alex Blaine as Schroeder, Emily Sohoski as Lucy, Olivia Hawthorne as Peppermint Patty, Jadelyn Phillips as Frieda, Griffin Marriner as Shermey, Justin

Atwater as Franklin, Anthony Galletta as Pig-Pen and Maddison Majeski as Marcie. *You're A Good Man Charlie Brown* is made possible with funds from the Decentralization Program, a regrant program of the New

York State Council on the Arts with support of Governor Andrew Cuomo and the New York State Legislature and administered by CNY Arts.

Ski & Snowboard Club still has openings

There is a chill in the air and that means that winter is on the way. It also means that it won't be long before the Ski & Snowboard Club starts the weekly pilgrimage to Labrador Mountain for plenty of fun in the snow.

There is still some room on the bus for anyone who wants to join the club. Sign up with Mrs. Ryan in room 111 or Mrs. Downing in rooms 130/212. The club is open to both new and experienced skiers and snowboarders and lessons are part of the package.

The group will be skiing on Tuesday evenings starting January 8, 2019 at Labrador Mountain. Don't delay, check out the Ski & Snowboard Club and have some fun learning or perfecting a great lifetime activity.

TEEN HAVEN OPENING KICK-OFF

TUESDAY OCTOBER 30th
3 to 5pm

Friends of Fulton Parks is opening a new park near the War Memorial and would like you to be there. Pizza, candy and other refreshments will be available for all. Students will be given the opportunity to try and conquer the ropes course in the fastest time. Students will also have the opportunity to earn service learning hours for helping with landscaping.

School picture retakes set for November 1

On Friday, November 1 students of G. Ray Bodley High School will be given the option to retake their school pictures for the year.

There are plenty of reasons on why a student might want to retake their picture. They might have been sick on picture day back in September, or forgotten it was picture day and didn't dress up for the picture. They also might have had gym the bell before and their pictures are not as presentable as they want it to be. Or maybe they are just not satisfied with the picture that was taken before.

For any reason you can still retake your picture for free in hopes that it is better than the first picture that was taken. If you do not make the deadline of November 1 then there will be no other retakes available, so mark it down and prepare for picture retakes. Show GRB your best smile and stop down to have your picture taken between 8 am and 2 pm in the GRB auditorium. Students who have purchased pictures and are having them retaken are asked to bring the original picture package with them.

Open skate returns to Fulton

It's that time of year again where Ice skating is back in business! Need something to do on the weekends? Head to the War Memorial and enjoy some ice skating.

Open Skate is from 7-9 pm every Friday and Saturday night. It's only \$4 to get in when you bring your own skates, but \$8 to get in and rent skates. Autumn Kennedy states, "Getting a group of friends to go makes skating more fun." It is a fun hangout spot on the weekends. Summer Kennedy reminds everyone to, "dress warm because it gets cold." Wear a coat, maybe even some gloves and a scarf!

Katie Bevacqua noted that, "the snacks and hot chocolate are yummy." The concession stand is always open selling drinks, snacks, and pizza! If you need something to do and want to have a fun time, grab a few friends and go to the Fulton War Memorial Ice Rink one of these weekends!

By Misty Bardin

All senior portraits are due to the yearbook staff by Friday, November 9. Students are reminded that since there is no school on that day that any portraits being delivered to school must be in by November 8. Portraits can also be e-mailed to: lsenecal@fulton.cnyric.org. Additionally, November 9 is the last day for parents and family to purchase senior recognition ads. The cost is \$65 for a 1/4th page ad and \$40 for a 1/8th page ad. Checks should be made out to Fultonian Yearbook. Pictures and ads can be submitted to Mrs. Honeywell in room 224.

What's happening at G. Ray Bodley High School?

October 30th: GRB Wind Ensemble & Symphonic Orchestra Concert 7:30pm - 8:30pm @ G. Ray Bodley HS

WGRB meets Mondays and Thursdays after school in the library computer lab. We are looking for on air talent and behind the scenes help.

Quick reads:

Is the spirit of Halloween alive in students?

The time of the year has once again risen from the dead! As Halloween creeps its way up our skeletons, there is always a question lingering in students minds, "Should I dress up this year?" This is a question most students tend to have difficulty answering. With its bone chilling decor to our rotting teeth candy, Halloween can be downright scary. Dressing up became an icon to our generation that began in elementary school. Students would dress up as their favorite princess, comic character, ghost and goblins, and even a pumpkin.

But now that the time has passed, Halloween has slowly melted in people's lives. When Halloween comes to G. Ray Bodley and other schools, students treat it like a half day. It affects them because they only care about getting out of school early. To me, I think that's wrong. Halloween isn't about getting out of school early, it's about reliving youthful intuitions, having fun, and making the time last.

Dressing up has become a debate between those who like the holiday and want to dress up and to those who don't. Maya Gugala, a freshman at GRB stated, "My opinion on Halloween and dressing

up is that it's ok to get goofy and dress up and hang out with your friends! Honestly, I would dress up because I like seeing all the costumes and decor on people's lawns and doors!" She also stated, "It's also ok to not participate because some may not have the energy or they think they wouldn't have any time."

Other reasons students enjoy Halloween is because they can scare the wits out of their friends. Students not wishing to dress up but who would like to participate can do so by handing out candy. Hayley Vann, a senior at GRB stated, "Halloween to me, is all about giving back to the kids and letting them have fun. Sure, people can still dress up in costumes, but in more of an appropriate fashion." People have different opinions when it comes to having a good time. She also stated, "I for one am also dressing up this year! I've been dressing up since my first Halloween! This year,

we are helping kids prepare for the holiday to show them the fun ways to spend on this spooky night!" Although Halloween comes once every single year, it is your duty to make your Halloween the best you can make it. *By Kim Bednarz*

Halloween history began with the Celts

Most people know that Halloween is an annual holiday celebrated on October 31 each year. But what many do not realize is that Halloween originated from the Ancient Celtic Festival of Samhain (pronounced sow-in).

The Celts believed that on the night before the new year (for them it is November 1), the boundary between the living and the dead becomes blurred. On the night of October 31 they celebrated the ghosts of the dead that have returned to earth.

Although the tradition of halloween today as we know it is primarily limited in the United States, after the flood of immigrants, the tradition began to become more national. "Borrowing" or "trick-or-treating" originated from the Irish and British, eventually taking a stronghold as the American Halloween tradition that suggested that patrons go house-to-house asking for money and treats, which slowly developed into most houses passing out candies to each child who arrives at their door.

In the late 1800's there was a shift in America that molded Halloween into a more family oriented, friendly event. Halloween has now become a very friendly holiday for children to get lots of sweet

Pumpkins were used to scare away "vampires"

treats and dress up as anything they want, from nurses to vampires, for one day of the year.

Hoops for Hope donation benefits hospital

Friday, April 13 proved to be anything but an unlucky day as the G. Ray Bodley High School community rallied together in support of breast cancer awareness at the GRB Hoops for Hope Breast Cancer Charity Game. To raise money the night began with a student basketball tournament which cost \$5 per student.

As Caleb Clark, who participated in the student tournament stated, "It was fun to be able to raise money and play for a cause." The main event of the night was a face off between the GRB teachers and the News Channel 3 basketball team. As stated by Dani Avery, "It was good to see people coming together to support such a big cause."

Math Teacher Mrs. Cretaro, one of the GRB organizers stated that, "It was humbling to see GRB come together as a family and make a difference in the community." Admission for the event was \$7 per person and t-shirts were also available for purchase.

The event in total raised \$6525.00. With this money the Upstate Medical Hospital in Syracuse was able to put in a brand new hand washing station. The station is in honor of Vicki Glamcevski, who is currently battling

breast cancer and is the mother of our teacher here at GRB, Mrs. Cretaro. Hoops for Hope is an incredible event with amazing ideals. Watch out for the next Hoops for Hope event coming this spring! **By Nora Kingsbury**

Cheerleading tryouts Nov. 5-7

Cheer sign ups were just held after school this past Thursday, October 18 from 2:30-3:30pm at the Raider Den. But for anyone who missed sign ups and still wants to try out, it is not too late.

Tryouts are Monday through Wednesday, November 5, 6, and 7 at the G. Ray Bodley High School cafeteria from 5-7 pm. All girls and boys trying out will be together practicing cheers, jumps, and a new dance routine, while working with groups or a partner to eventually perform in front of the coaches on the last day of tryouts.

Participants will find out afterwards what team they have made. The coaches are always looking for new potential! Tanique Brooks stated, "Make sure to grab a 'Red Sheet' get it filled out and turned in to the nurse in order to be able to tryout". In order to tryout you need not only a Red Sheet but you need to have a recent physical from your doctor or our school nurse. Anyone is welcomed to try out so if you're interested come on out and try!"

Rebecca Fenili noted that, "the cheerleaders are excited to meet and see some new faces"!! We're always looking for new girls and boys and we are all excited to see what they can add to the team! Don't be scared... bring some practice clothing and sneakers and come try out to become part of our cheer family! Good luck to everyone trying out.

Fulton OCAY team takes third at opening competition

Monday, October 16 was the day of the first OCAY League competition as students from G Ray Bodley High School competed against students from other schools across Oswego County. Fulton ending up placing third behind first place Oswego and runner-up Central Square.

According to GRB senior Shaylee Cealie, "OCAY League is a group of diverse students with all sorts of talents that meet four times a year to compete in an academic competition. They usually start at around 9 am and are back to school by 2 pm." Nora Kingsbury, another senior at GRB says that OCAY is important because "it gives students who might not be very athletic to show their strengths academically."

This past competition was about geography. Students were not told what the theme was until they got to the competition location. They were given quizzes about history and asked to make a poster.

The posters included local and world geography and the interconnectedness of it all. Both Shaylee Cealie and Nora Kingsbury said "it was a lot of fun!" Third place is great and GRB is hoping for another big showing in the next OCAY League competition.

By Dani Avery

Opinion

Caffeine: America's most popular drug

According to a recent study done by Villanova University, in the United States alone, about 90 percent of Americans consume caffeine in one form or another every single day. More than half of all American adults consume more than 300 milligrams (mg) of caffeine every day, making it by far America's most popular drug.

Caffeine is a desirable drug in our society and for many, it has become an addiction. Whether it is coffee, soda, or energy drinks, it is not healthy for you and it can have harmful effects, especially to those who overdo it. An article on Medical News Today explains many of the unhealthy effects of caffeine on the human body, stating that, "The Mayo Clinic states

that consuming more than 500-600 mg of caffeine a day may lead to insomnia, nervousness, restlessness, irritability, an upset stomach, a fast heartbeat and even muscle tremors".

Many people, even children and teenagers included, have an addiction to caffeine. One student in G. Ray Bodley, Dani Avery said, "I drink coffee every day and usually get a headache if I don't have any in the morning." Her feelings are shared by many people every

day who say they have a headache or feel very tired because they have not had their daily coffee fix. When asked whether he drinks beverages with caffeine another student, Bret Dygert, said, "never, but it's not going to have serious effects unless you have a serious caffeine problem." A moderate amount of caffeine once in a while will not hurt a person or make them become addicted to it or make them

have negative side effects, but many people do not just drink it every once in a while in moderation. People need to consider the unhealthy effects of the numerous readily available products containing caffeine in big amounts.

By Cameron Grower

Social apps are taking over the lives of teenagers

Social apps have been around for quite some time, but over the years they have become more and more popular with teens. The top three most used apps today for teenagers are, Youtube, Snapchat, and Instagram. Many teens use these apps to interact with friends and long distance family.

Along with teens using social apps come positive and negative effects. On Pewinternet.org (Pew Research Center Internet & Technology) the writer states, "A plurality of teens (45%) believe social media has neither positive nor negative effects on people their age. Meanwhile, roughly three-in-ten teens (31%) say social media has had mostly positive impact, while 24% describe its effect as mostly negative." The article gave quotes from teens explaining their views. A 15 year old girl states, "I feel that social media can make people my age feel lonely or alone, it creates a space where you can interact with people. A quote about the negative effects comes from a 13

year old boy who states, "Social apps gives people a bigger audience to speak and teach hate and belittle each other!" This is happening today all over the world as we speak. Social media apps are a good thing when used for the right reason but when they are taking over teens it can turn into something ugly. Don't let your social media change you or define who you are.

New Biology teacher is well traveled

G. Ray Bodley High School's new Biology teacher, Mrs. Sard, has covered many miles during her teaching career. She was recently interviewed by Quynn Sweeney from WGRB News where it was revealed that she taught on the Oregon coast for five years at a middle/high school, then the last two years she taught in Michigan.

Mrs. Sard attended college at SUNY Fredonia majoring in Biology. She got both her bachelors and masters from SUNY Fredonia. One thing people might not know about Mrs. Sard is that she loves to sing. As she says, she is "really good at singing in the shower." Mrs. Sard is also good at gleeking, she mentioned that she's a "master gleeker." She also mentioned that if anyone wants "to find out more" about her they

Plenty of new movies to close out 2018

Going to the movies is a great way to spend time with friends. There are four movie theaters in a twenty mile radius near Fulton: the Oswego Theater, Regal at Great Northern Mall, Movie Tavern in Camillus, and Regal at Destiny USA Mall.

Misty Barden says, "My favorite movie theater is the one in Oswego because it's close and local but Movie Tavern is great too because you can dine while you watch movies." Some of the most popular movies currently out and coming out soon out include The Nun, The Meg, Venom, Halloween, Fantastic beasts: The Crimes of Grindelwald, Ralph breaks the Internet: Wreck-it Ralph 2, Spidermen: Into the spider-verse, Bumblebee, Aquaman, and Mary Poppins Returns.

Kim Bednarz states, "I'm dying to see Halloween." All these movies are either currently playing or will be coming in the last few months of 2018. Everyone of all ages is allowed to come and watch movies as long as it's pg or a parent/guardian is with anyone under the age 17. To see times and days these movies are coming to theaters. Misty Barden states, "Going to the Movies is one of my favorite things to do on a Saturday night." So if you have a little bit

of extra money and want something to do before the 2018 year is over go to the movies!

By Wendy Burch

(from page 9)

opponents, and with the exception of ES-M, the results have been similar. CBA topped the Spartans 1-0 on Tuesday night while the Raiders dropped a pair of 2-0 decisions, but against Jamesville-Dewitt, Skaneateles and New Hartford both teams prevailed. The Brothers impressive record includes a pair of wins over Class AA schools with 4-2 victories against Fayetteville-Manlius and West Genesee, while the Raiders were the only team to beat Fowler, and they did it twice including Wednesday's impressive and decisive 4-1 decision.

Special to RaiderNet

Ethan Caruana, left, was the man of the hour with the only goal in Fulton's 1-0 playoff win over New Hartford.

Opinion

Anxiety disorder is a serious problem

Many more people than you would think have anxiety. It is not a fun experience and it isolates those who live with it. Anxiety is normal in many stressful situations. The effects of anxiety include the symptoms of a fast heart rate, rapid breathing, sweating, and feeling fatigued. Anxiety can also cause those who are affected to become irritable.

Everyday health says “Anxiety is a feeling of nervousness, unease, or worry that typically occurs in the absence of an imminent threat it differs from fear, which is the body’s natural response to immediate danger.” If you didn’t know anxiety is part of the body’s natural reaction to stress. Everyday health also states “Anxiety disorders and normal feelings of anxiousness are two different things... anxiety disorders are among the most common mental disorders is really difficult to control and many people go on medication for it. The National Institute of Mental Health reports that “19% of American adults are affected by an anxiety disorder each year.” Not everyone has anxiety but it affects a lot of people each year.

By Chloe Davis

The stress of bringing school home with you

Stress is your body’s way of responding to any kind of demand or threat. Stress is one of the worst parts of schooling these days. Stress is one of a long list of factors for why students drop out of school and begin their adult life early.

I believe that one of the key providers of stress in schools today are the deadlines for work, such as homework due the next day, at home tests, projects, and more. If all aspects of schooling stayed in school, student life would be easier with less stressful situations when students are dismissed from school. Studies show that 75% of students who drop out of school leave because of the constant stress and struggle between school life and home life.

This should not be a struggle to students, especially if the administration team is trying to help students graduate. If students did not have school related work to do at home, I believe that more people would come to school and the graduation rates would increase. As

a result of less stress, the school environment would become more positive because students would not have any added work from school.

Some say that homework helps students learn topics that they would usually forget about the next day but this is a false reality. Many students do not think about school after the last bell of the day rings, when they transition from “school life” to “home life”. The more stressful a student is, the more likely the student can become depressed or anxious.

Depression and anxiety can impact the student at both school and their home life. Students who are stressed can forget to do their out of school work, which can cause them to be punished in school. I strongly feel this should not be the case because students should only be assessed on their school work, not punished for not doing work outside of school.

By Cody Birmingham

How nicotine affects the teenage mind

Nicotine is a toxic, colorless or sometimes yellowish oily liquid that is the chief active constituent of tobacco. It acts as a stimulant in small doses, but in larger amounts blocks the action of autonomic nerve and skeletal muscle cells.

So why is this bad for the teenagers mind? According to the “sciencenewsforstudents” website it says, “Nicotine acts like a key to unlock special receptor molecules on the outside of cells in the brain, including those in the prefrontal cortex. Nicotine causes these cells to release signaling molecules, such as dopamine (DOE-pah meen). These chemical signals travel across a gap between nerve cells (called a synapse). When they reach the

neighboring nerve cell, they release their ‘message.’ This release of dopamine gives users a feel-good high. But over time and after repeated exposure to nicotine, those brain cells can change. The effect of these changes is to reduce the body’s ability to release its own, natural pleasure-giving chemicals.”

While it is harmful to people of all ages, this is especially horrible to the teenage mind because it can lead to depression and affect the learning habits of their minds as teenagers. Beware of the dangers of Nicotine on the developing mind and don’t fall into the feel good trap it has set for you.

By James Norton

Raider Sports

Raiders vs. Brothers for Class A crown

One old nemesis has been dispatched and another waits in the wings for the Fulton boys soccer team in their quest for the Section III Class A boys soccer title. Fowler stood as a thorn in the Raiders side until recently when Fulton finished a two game sweep over the Falcons on Wednesday with a 4-1 victory. In becoming the only team to beat Fowler all season, Fulton secured a Saturday afternoon showdown with another old adversary, Christian Brothers Academy, in a 1 pm, winner take all matchup at Liverpool.

Recent history will once again need to be changed if the Raiders are to bring home their first Section III banner in 10 years as CBA has had Fulton's number over the past few seasons. The two teams have not clashed on the soccer pitch since October 15, 2016, but prior to that Fulton and CBA met on an annual basis. The Brothers have held the upper hand, however, with nine wins in a row dating back to the 2011 campaign when the Raiders scored a home and home sweep with identical 2-1 victories.

But that was then and this is now, and Fulton brings a solid 14-4 record into the championship game punctuated by their big win over a Fowler team that had dominated their series until late last season. Cameron Stuart, the three goal hero of Wednesday's win, leads the team with 9 goals and 9 assists while Connor Wilde (8-3-11) and Ethan Caruana (8-2-10) are also major threats in the Raider offensive. Goaltender Conner Ware has backstopped a Fulton defensive effort that produced nine shutouts and six straight wins as part of a recent 10-1 run that has carried the Raiders into the playoffs on a high note.

Over the past two seasons Coach Murray's squad has compiled an impressive 28-7-1 record, and a victory on Saturday would certainly be the icing on the cake for the senior Red Raiders. Fulton will be looking to duplicate the efforts of the 2008 team that topped East Syracuse-Minoa 2-1 to hoist the Section III banner, a feat that eluded them by the slimmest of margins in 2011 and most recently 2015 in championship game losses to ES-M (1-0) and Fowler (2-1).

Benito Vlasits, the late game hero in CBA's 1-0 win over top seeded East Syracuse-Minoa, leads the Brothers in scoring with 14 goals and 10 assists, but he has had plenty of help on a team that has outscored the op-

position 59-15 while charging to a 15-1-1 record. Matt Potenza (9-9-18), Tristain Kucera (8-9-17) and Daniel Melvin (8-3-11) are also regulars on the scoresheet for a CBA side that ran unbeaten in league play as champions of the OHSL Liberty American League.. Like Fulton, CBA has plenty of momentum as they come into Saturday's contest riding a 15 game unbeaten streak (14-0-1). The Brothers have not tasted defeat since falling 1-0 at Liverpool on September 1, with their lone draw coming in a scoreless standoff against Cicero-North Syracuse.

This has been a bounce back season for

veteran Coach Joe Papaleo's boys in purple and gold after a 9-7-1 finish in 2017. As a program the Brothers are no strangers to post season success, however, with two straight trips to the Class A title game in 2012 and 2013, falling to Fowler in 2012 and then winning it in their second try against Jamesville-Dewitt. A move up in class saw them battle into the second round three straight years between 2014 and 2016 before falling short against the likes of F-M, Nottingham and Baldwinsville

Although they did not meet in the regular season, the two sides share several common

(continued on page 7)
